To
Vishal Bohra, CEO
Premium Petro Products
1/3 Hathroi Market
Ajmer Road, Jaipur - 302001

Sub:- Request for empanelment of Premium Petro Products for Bitumen and Bituminous products (all grades) in Uttarakhand.

Dear Sir

This is with reference to your letter dated 28/07/2021 to Honorable PWD Minister, requesting approval as a supplier of Bitumen and Bituminous products (all grades) in Uttarakhand. Based on your submission, approval is given for supply of bituminous products (all grades) for a period of one year subject to fulfillment of the following conditions:

1. Raw material used for the production of bituminous product should be procured from a Public Sector Undertaking i.e., IOCL, Hindustan Petroleum, etc.
2. Each lot of material supplied must be accompanied with Mill Test Certificate (MTC) from NABL accredited laboratory.
3. The lot wise independent quality control tests shall be conducted on each supply lot. The quality of the bituminous product is to be ensured at site also.
4. The material supplied must be in accordance with the requirements of relevant IS/ IRC/ MORTH specifications.
5. This approval has been accorded on the condition that the Firm shall maintain quality and integrity of service intact. In case, any negative feedback and deterioration in quality of bituminous product is found, this approval will stand cancelled automatically.
6. The Department wholly reserves the right to revoke/ suspend the approval on the basis of review at any time. Approval can be withdrawn prematurely if the firm is found to be engaged in fraudulent practice.
7. The Department wholly reserves the right to revoke/ suspend the approval on the basis of the test conducted by the Department on the product at any time.
8. Above approval does not make the firm eligible for claiming right to take the work done through them which is subjected to their competitive stand amongst other qualifying specialized firm in the field.
9. The field staff shall have the liberty to witness conducting of test on samples in their presence.

11. The performance of the firm shall be monitored by field units and submitted to the approving authority before expiry of validity of approval. This approval can be renewed further on the basis of performance of the products as reported by concerned Field Engineers. The firm is required to submit a minimum 5 number of Performance Reports signed by the concerned PWD Assistant Engineer and Executive Engineer, to E-in-C's office at the time of renewal, failing which their case will not be considered for renewal.
12. The firm should submit test certificates of the entire product range manufactured by them, tested at any of the Indian Institute of Technology/ CRR, once in every year as per latest version of ASTM-D2397, IRC:SP 53, IS: 8887, IS: 73, IS: 15462 or any other relevant standards.
13. The firm is required to submit details of sale/ supply of approved bituminous products to PWD Uttarakhand Contractors/ Divisions on six monthly basis to E-in-C's office as per format given below:

S. No.	Name of Product	Supply to PWD Contractors/ Divisions	Name of Work and Location	Date of Supply	Quantity Supplied	Amount (in Rs.)	Supply Order No.	Remarks

Dear Sir,

Reference to above cited subject, the submitted profile for VG-40 from the source named **Premium Petro Product 1-3, Hathroi Market Opp. Gopalbari, Ajmer Road, Jaipur 302001 (Raj)** has been reviewed in accordance with the codal provision of IS :73-2018 (Specification for paving bitumen, IS:334-1982 (Glossary of terms relating to Bitumen), IS:1201 to IS :1220 (Methods of testing for bituminous material) and the guidelines given in HP Bitumen Handbook and having joint factory visit to check in-house testing facilities at source and witness the required test as per the provision of IS:73-2018 in the setup of aforesaid agency and capacity of the plant to ascertain whether the aforesaid agency is capable to fulfill the requirement of various clients. and it had been observed that the submitted profile is meeting to the requirement of specification.
In continuation of the above and to expose the factual condition of manufacture for paving Bitumen VG-40 with name of Premium Petro, the enlarged process is hereunder.

The procured Bitumen VG-40 is imported from **Motive Bitumen Refinery Ilc. Office 308 UAE Enterprises Building, Dubai International Airport, Dubai UAE P.O Box 239744 Dubai UAE** in drums weighing 182+ kgs net weight having four numbers automatic decanting plants each of 240 drums per decanter with a total capacity of 400 MT production per day. The plant and premises follow standard procedures required for an ideal decanting and processing plant. The material imported is certified by SGS Dubai, who is one of the well-known certification companies in world.

The following Test carried out to check the quality of VG — 40 and the test results are in order to comply the required parameters.

S.N o.	Characteristics	Required	Results	Method of test
1	Penetration at 25° c, 0.1mm, 100 gm, 5 sec min.	35	40	IS-1203-1978
2	Softening point (R&B) 0 c. minimum	50	51	IS-1205-1978
3	Flash point (Cleveland open cup) 0 c. min.	220	240	IS-1448(P-69)

4	Kinematic viscosity at 135° C, est. min.	400	450	IS-1206(Part-3)
5	Solubility in trichloroethylene, percent, min.	99	99.2	IS-1216
6	Absolute Viscosity at 60 ° c.	3200-4800	3750	IS-1206
7	RTFOT residue - Viscosity ratio at 60 ° c. max.	4	1.7	IS-1206
8	RTFOT residue - Ductility at 25°c min	25	46	IS-1208

Hence in view of the above the lot of material procured for the supply on the project is approved subject to requisite confirmatory testing of the Bituminous Mix produced using this bitumen in required frequency. The lot wise supply is permitted on the project after prior providing manufacture test certificate from the source confirmed through test conducted by Premium Petro followed with testing of Bitumen and Bituminous Mix at project site laboratory in the presence of our representative.

Thanking you,

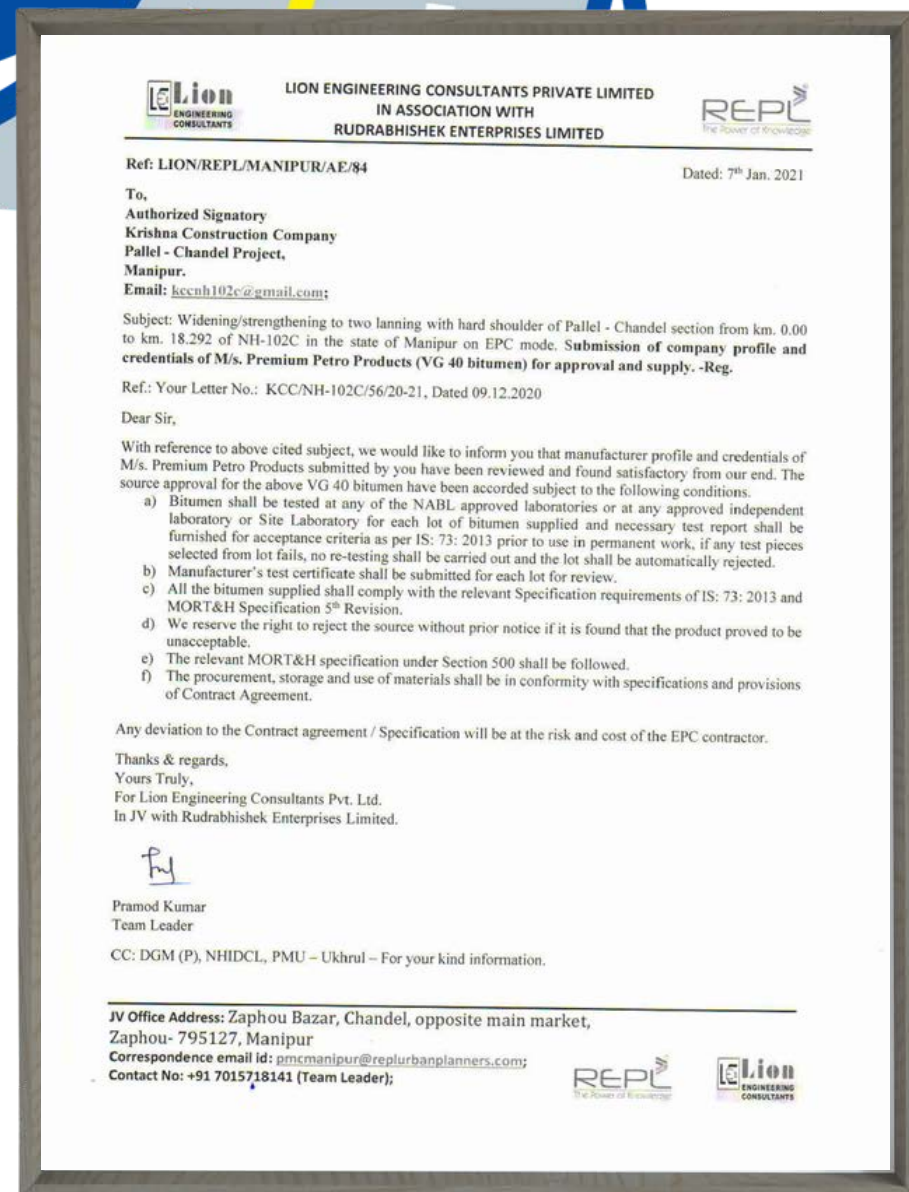

Sincerely yours,
